

What's on the Menu at Inn Serendipity Bed & Breakfast

At Inn Serendipity, we believe that fresh, seasonal, sustainable and local ingredients offer the best when it comes to taste, nutrition and flavor. We grow about 70 percent of all the organic fruits, vegetables and herbs we use in the preparation of our breakfasts, afternoon appetizers and snacks, and evening cordials. For what we don't grow or make, we've selected products from local artisan producers, certified organic farmers or fair trade certified cooperatives. The menu selections below recognize our many purveyors and suppliers that offer the products featured in our delicious, seasonally inspired appetizers and breakfasts.

APPETIZERS

Cheese-Spinach Bites, featuring Emmi Roth Käse USA's Grand Cru® Gruyère cheese, made in Monroe, Wisconsin.
